ICB-Accredited Business Qualification Financial Accounting

About the Qualification

It is of paramount importance for a business to control and maintain the financial affairs of the company. This course has been developed to address all the competencies in Accounting so that it applies to a wide range of accounting functions in a variety of financial industries. This qualification aims to equip learners to perform the Accounting function in small organisations and to provide support to Accountants and Financial Managers in medium and large organisations so that the Accounting and Financial Management functions can be more effectively performed to avoid problems.

Outcomes:

- Complete a full set of accounts for financial year
- Support management in finance and accounting
- Become a SAIT tax practitioner (once you meet the requirements)
- Know the ins and outs of accounting
- Taxation (Individuals and companies)
- Auditing and business law

About the Institute

The Institute of Certified Bookkeepers has been around since 1931. Its role is to improve and maintain the quality, credibility and reputation of bookkeeping, accounting, office administration and financial management training and qualifications in Southern Africa.

As a Quality Assurance Partner (QAP) of the Sector Education and Training Authority for Finance, Accounting, Management Consulting and other Financial Services (FASSET), the ICB is an external assessment (examining) body for many of the business qualifications that FASSET awards.

Certification

Learners who have been found competent and who have successfully completed the qualification will receive an ICB results letter outlining the unit standards covered. Once the learner has received result letters for the two modules in Upper Intermediate Level ICB will apply to FASSET on the learner's behalf for the Upper Intermediate Level National Diploma: Technical Financial Accounting NQF L5 to be awarded (Qualification certificate)

QUALIFICATION MODULES
